Tar Balls, Playa Del Rey, Los Angeles County, Hazardous Materials Spill Report 17-3736 (New/Final)

On 05/27/17 at 1812 hours, the California State Warning Center (CSWC) received a report from the National Response Center (NRC) of tar balls on a beach and impacted wildlife between Dockweiler State Beach and Marina Del Rey in Playa Del Rey, Los Angeles County.

- Caller reported observing black spots on the beach and 2 dead pelicans covered in oil.
- CSWC contacted the United States Coast Guard (USCG) and their Pollution Responders were investigating.
- CSWC made notifications per SOP.

On 05/27/17 at 2217 hours, CSWC received an update from the USCG.

- The Duty Incident Management Division (IMD) was dispatched to the scene.
- The Duty IMD observed mystery tar balls in the high waterline and 2 dead brown pelicans that washed up on the beach with the mystery tar balls.
- The pelicans were not covered in oil.
- The Duty IMD could not locate a source of the mystery tar balls.
- Samples were taken and will be analyzed to determine if the source of the tar balls is from natural seepage.
- The site is not a sensitive site and no further USCG action is anticipated at this time.
- CSWC made notifications per SOP.

SITUATION SUMMARY

2017 Statewide Winter Storms

Cal OES Coastal Region

Paul's Slide, State Route 1, Monterey County

Per Cal OES Coastal Duty Officer (CDO), as of 1300 hours on 05/25/17, Paul's Slide on State Route 1 has been closed to all traffic.

- Caltrans engineers report slide activity and the area has been closed in the interest of public safety.
- Assessment will commence and further details will be provided once released.
- All deliveries and local access previously scheduled have been suspended.

Mud Creek Slide, State Route 1, Monterey County

The Mud Creek area on State Route 1 sustained a major slide on the evening of 05/20/17, when over a million tons of rock and dirt fell down the slope continuing down to the ocean floor 250 feet off the shoreline.

- The Mud Creek area is ¼ mile in length, made up of five slides, four of which fell during this single incident and consolidated into one slide. The remaining slide now extends 1,500 feet in length over State Route 1 and is about 35 to 40 feet deep.
- Roadwork at Mud Creek was suspended and heavy equipment removed last week due to the threat of new slides and for safety of highway workers. Caltrans geologists and engineers plan to assess it further when this area stabilizes.
- There is no estimate when this section of State Route 1, approximately nine miles north of the San Luis Obispo/Monterey County line will re-open.

Pfeiffer Bridge Incident, Monterey County

California Highway Patrol (CHP) and Caltrans had a hard closure on the Pfeiffer Bridge on HWY 1 at mile marker 45.52 (SB Sycamore Canyon and the Bridge) due to a crack in the bridge. The bridge has been demolished so the road is closed and estimates for some access from the north is late September 2017.

- Backup air medical transport plans have been developed for medical emergencies through Cal OES Law Enforcement Branch.
- All businesses north of the Pfeiffer Canyon Bridge closure are open to the public.

River Forecast - The following rivers are forecast to meet or exceed Monitor Stage:

- Solano County: Sacramento River at Rio Vista

Please see link for River Forecast Guidance - <http://www.cnrfc.noaa.gov/>

SITUATION SUMMARY

2017 Statewide Winter Storms

Cal OES Inland Region

River Forecast - The following river is forecast to meet or exceed Flood stage:

Mariposa County:

- Merced River at Yosemite at Pohono Bridge is forecast to exceed flood stage at 10.0 feet the morning of 05/29/17.
 - Potential Impacts: Western portion of North Pines Campground, located at the east end of Yosemite Valley between the confluence of the Merced River and Tenaya Creek, begins to flood. Water rises to the base of the swinging bridge downstream from Chapel Meadow.

River Forecast - The following rivers are forecast to meet or exceed Monitor Stage:

- Placer County: Truckee River at Truckee
- Alpine County: East Fork Carson River at Markleeville, West Fork Carson River at Woodfords

Please see link for River Forecast Guidance - <http://www.cnrfc.noaa.gov/>

Cal OES Southern Region

River Forecast - The following river is forecast to meet or exceed Flood stage:

Mono County:

- West Walker River at US 395 Below Little Walker is forecast to exceed flood stage at 6.0 feet the morning of 05/30/17.
 - Potential Impacts: Some minor flooding of lowlands, pastures, and rural roads.

Please see link for River Forecast Guidance - <http://www.cnrfc.noaa.gov/>

WEATHER OF CONCERN

Weather of Concern

- Isolated thunderstorms are possible across interior locations of Northern California mainly during the afternoon and evening periods of Sunday through Tuesday. Weather impacts include occasional lightning and gusty winds and showers.

Active Weather Warnings, Watches and Advisories by County:

- http://www.wrh.noaa.gov/sto/brief/wwa_bc_cal.php - Temporarily unavailable.
- <https://alerts-v2.weather.gov/counties/CA>

WEATHER SYNOPSIS BY REGION

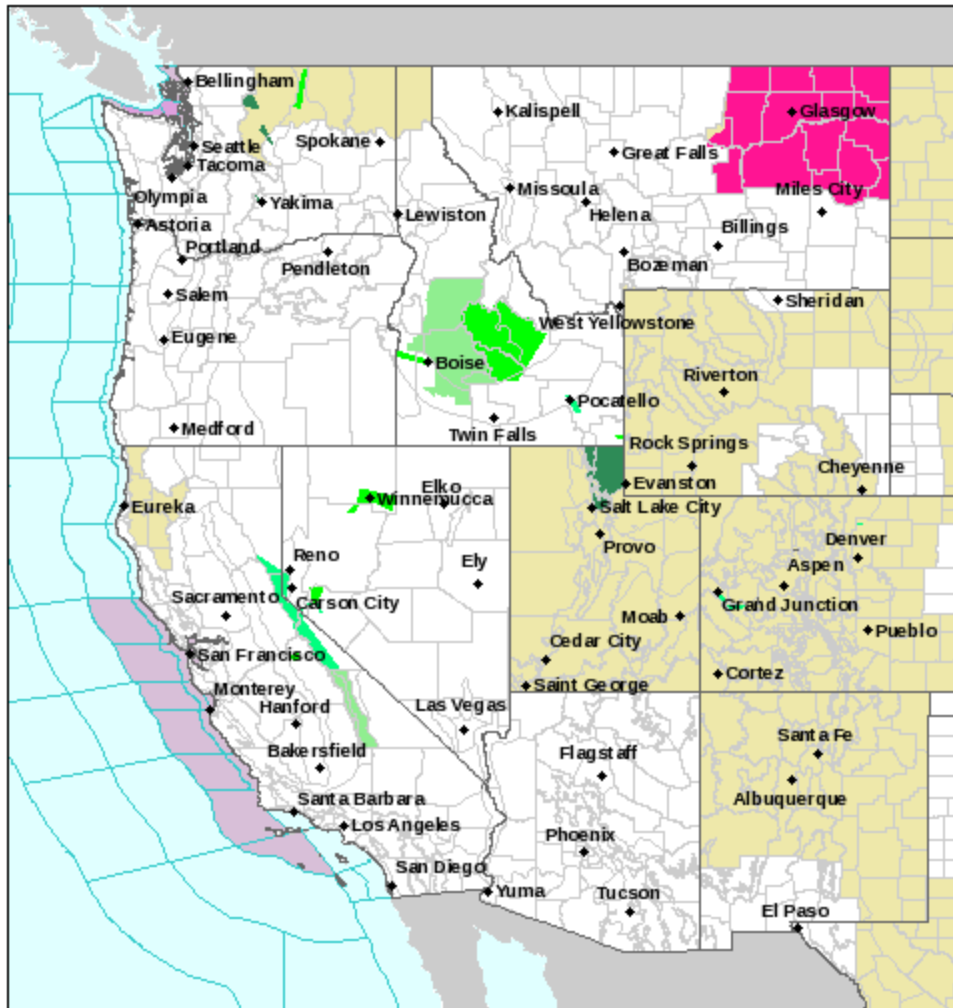

NORTHERN CALIFORNIA

Temperatures will continue to warm through Monday, with warmest temperatures likely across the interior, and seasonable readings near the coast. Some coastal/river valley stratus will continue through the weekend. Isolated thunderstorms may develop over interior mountains through Tuesday, especially for Trinity County.

SOUTHERN CALIFORNIA

An upper level ridge of high pressure and a lowering marine layer will support a warming trend through early next week. The high will be replaced by a weak upper level trough of low pressure by the middle of next week providing a cooling trend with more widespread night and morning low clouds for the coast and valleys.

Cal OES LAW ENFORCEMENT MISSIONS

Closed Cal OES Missions

- **2017-LAW-36069, 05/27/17, 1950 hours:** IERCC reported an Inreach activation at 34° 5' 50" by -116° 40' 45", which plots to the North Fork, Mission Creek area of San Bernardino County. A cancellation was received from the device a short time later and the response was cancelled. **Mission Closed.**
- **2017-LAW-36041, 05/26/17, 1035 hours:** Tuolumne Sheriff's Office, on behalf of Sonora Police Department, requested dog teams to locate a suspected deceased person. Sonora Police had received an anonymous phone call reporting a body had been located in a wooded area behind an apartment complex at 311 Fairview Lane in Sonora. The caller reported that the individual appeared to be asleep but would not wake up. Sonora Police searched the area on foot but did not locate the deceased individual. Dog teams were requested for additional searches. The dog team request was forwarded to the Canine Coordinator. In addition, Tuolumne County assisted with SAR ground personnel. Update: Initial request was for an immediate deployment of the dog teams; however, personnel were not available. Request moved to the morning of 05/27. **Update: 05/27/17, 1700 hours, Canine search conducted with negative results. Mutual Aid resources released. Mission Closed.**
